_____

thats right folks using the ice caverns and sci-fi sets I wanted to create a battle field for our sunday infinty skirmish battle with uncle Damien and Ryan here in hong kong.
hope you enjoy

This a beautiful setup! Would you care to tell us where you got your big icy crystal formations from?

Thanks.

thanks
the crystals are from the now sadly defunct at43 by the now defucnt rackham
im sure you can find them on the web though. they really go well with ice caverns dont they and brilliant for sci fi

Awesome setup! If that doesnt screw secret Hoth base, I dont know what does.
Too bad about at-43, I love the game and the models too!

yes sad indeed about at43 going down
at least we have the healthy infinty game that is complex and superb
very suited to dwarven forge terrain
great infinty sculps too
