Why is everything out of stock??

Well, at least the fantasy stuff I was looking at and the cavern set. I was looking a few weeks ago and it was the same story, and I noticed a thread in May asking when stock would be replenished. Do things restock and then sell out that fast, or is there some problem with supply?

I'd hate it is DW was halting production on the fantasy and caverns sets in favour of Sci-fi and limited edition sets.

So when is the stuff going to be restocked?

A bunch of new stuff is on the way - but it won't show until November, sadly. Check the thread with the title "New DF in stock November 15th!!!" or something like that, from the admin.

I think DF is too small a company to keep a large supply of inventory sitting around in the warehouse. They have to keep things moving, which means they will be out of stock on a lot.

Well I'd hate it if the halted prodcution on Sci-Fi and only did Fantasy, i want them to do both.... (but put out a new Sci-fi soon please)

I think that Dungeon Accessories Set, Medieval Accessories Set, Treasure and Magic Items Set and

many individual pieces of the Room and Passage Set are restoked now in the DF store.

I Know that Everything had been Slowly Selling out over the Past Few Months (Since the Sale)... But I was Under the Impression that we would have to wait for a Restock... Course I Just Ordered a Couple more Sci-Fi Starters and they Showed up at my Door within a Couple of Days so?

Here is our restock plan for 2006. This is subject to change.

Nov. 2005
Room and Passage Set
Fantasy Floor Set
Fantasy Starter Set
6 x 6 floor
new doors

Feb. 2006
Cavern Set
Cavernous Passage Set
Wicked 1
Wicked 2
some items from above

June 2006
Advanced Builder Set

This is preliminary, as the restocking will be driven by sales of new and old sets. We hope to NEVER run out of our old core sets again.
