Deluxe Room Set gone?

Hi everyone,

I was just browing the site and updating my wish list when I realized the Delxue Room Set is no longer listed anywhere.

Has the Deluxe Room Set been phased out?

Thank you!

Sold out more likely.

It looks like Jeff eliminated from the web-site many items that were out of stock.

Does this mean they will never be in stock again?

Only the DF avatars know....

And even THEY aren't completely SURE; Jeff keeps his cards close to his chest.

_____

I picked up a couple in the last year at a decent discount. One of which I haven't even cut the tape on. Considering that they aren't available retail anymore they should be easy to get on Ebay pretty cheap.
