It's TERRIBLE!
I had to wait until SATURDAY AFTERNOON before ordering my three sets of RotA2 (IRS didn't pay up until Friday, and I was snowed under at work, then Too Damned TIRED after work!)
But I Got 'Em NOW! Well, I got the order in, anyway.
And Jackattack - they SHOULD be here in time for Shore Leave - so if I run a game, or if the Game Room Boss (a/k/a Phoenix) runs a game, THEY WILL BE THERE!!
