This story/setup"s" was photographed during the near-month power outage last year due to hurricane Wilma... The source of light for the photos is only natural sunlight, but it adds to the post-apocalyptic feel.

The year 1994 (:lol:): From out of space comes a runaway planet, hurtling between the Earth and the Moon, unleashing cosmic destruction. Man's civilization is cast in ruin.

Two thousand years later, Earth is reborn...

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr3.jpg>

A strange new world rises from the old: a world of savagery, super science, and sorcery. But one man bursts his bonds to fight for justice! With his companions Ookla the Mok and Princess Ariel, he pits his strength, his courage, and his fabulous Sunsword against the forces of evil.

The three companions have been separated from their steeds near the ancient city of Frizco during a violent earthquake...

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr5.jpg>

"That village looks peaceful... we should find aid and shelter there"

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr6.jpg>

trampling sounds

"Demon Dogs! The ground grows angry again!"

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr7.jpg>

horns and battle cries

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr8.jpg>

"No Thundarr, it's the villagers, they look possessed"

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr9.jpg>

sinister synthesized voice

“They worship me Princesses, as soon you and your friends will too...hahahahahaha”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr10.jpg>

“Run! Don’t harm the villagers; they know not what they do. The witchdoctor has them under some kind of mind control”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr11.jpg>

rumbling sounds

“Lords of Light!!! The ground is angered again!!!”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr12.jpg>

“And opened the lair of a giant worm!!!”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr13.jpg>

“No Thundarr, It’s what the ancients called a subway... We can escape and hide within the tunnel.”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr14.jpg>

“We’ve lost them.”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr15.jpg>

“And found an exit to the surface.”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr16.jpg>

“It’s what remains of the ancient city of Frizco...”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr17.jpg>

“Quickly hide... It’s one of the villagers!”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr18.jpg>

“Wait... He didn’t see us.”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr19.jpg>

“Let’s follow him and see where he goes...”

<http://img.photobucket.com/albums/v511/invincibleoverlord/thundarr20.jpg>

“He’s heading into that old military complex”

I was hoping you would re-post these.
I really liked the set-up when you first posted it.
Thank you IO.

Oh, LORD!!!
He's at it AGAIN!!!!

Mike, you keep CHALLENGING ME!!! Now how in the heck can I compete with a setup like that, with a storyline like that, when I DON'T HAVE ALL those Wonderful TOYS???

GREAT job, IO; I never followed the Thundarr cartoon series, so I don't know how accurate you are to the storyline on TV, but the adventure and the layout you show is definitely KEWL, as some spell it.

You DO know how to tell a story.

See ya!

Jim

How were the fires made? That is a sweet setup.

I remember watching Thundarr the Barbarian years ago. I seem to recall him leaping off of hundred-foot cliffs to land on his horse's bare back. I always thought that two things should occur: one, that the horse's back should snap like a dried twig from the 200+ pound barbarian landing at 40+ mph, and two, that Thundarr's jewels would end up around his esophagus.

But you can do anything in a cartoon, so there you have it. Kids, don't try this at home.

Other than that, Thundarr was a wonderfully cheesy swords & sorcery cartoon show. I really love how you recreated it all with the minis and Master Maze. Kudos!

DEMON DOGS! Hahaha, man, that reads just like a Thundarr episode.

Thanks for digging up these threads, dudebird. IO made some AMAZING set-ups.
