Some non-DF SW dioramas

_____

I posted one of these awhile back, a rebel hangar. Here is a small sampling of similar setups -- some are elaborate layouts with lots of vehicles and figures, others are smaller and more accurate reproductions of actual shots from the movies. They're all done with the Hasbro 3 3/4" figures and vehicles.

I know it isn't DF, but GS's recent spectacular SW layout got me thinking people here might enjoy them anyway. They're still neat dioramas, which is what many DF shots are as well.

Enjoy!
