I liked it so much I almost turned around to buy another ticket and see it again!

See it with someone you love. Even if you have to trade a "chick" movie for it.

Hey jack!

Are you coming up to Shore Leave this weekend? Joe Dorffner, the Gaming Room chair, has the new GW cities maps and buildings, and Friday night he was assembling the buildings. They actually don't look bad, even unpainted.

And Howard from RPGA is running some D&D this weekend, also. Along with Hal Haag on some other gaming.

If you're there Sunday, Sandy & I will be around. Hope to see you!

Jim

But Pirates is a "chick movie" isn't Johnny Depp in it?

Sorry, couldn't help that...Ha,ha, I'm gonna see it with my chick some time soon, along with Superman...

I really wish I COULD go to Shore Leave, but even that is outside of my incredibly limited finances right now. Hopefully, my monetary situation will change in the next couple-few months, and next year I can get out and see people and do things.

Stefan, between Johnny Depp, Orlando Bloom, and Keira Knightly's very strong character, PotC2 should

count as at least a tie in the "guy movie vs chick movie" selection process. (BTW, you do realize that you can write off period and sci-fi movies as "research", right? I know a costumer who got to write off multiple viewings of the entire LotR trilogy AND all of the Harry Potter movies.)
