Anyone have a chasms set they are willing to sell?

The way I see it, this is really just an issue of me being impatient. I really would like a Chasms set but they will not be getting back in stock for another 4 months or so. If you have a non-bowtie chasms set out there, would you be willing to sell it to me via verified paypal for $150 (I pay the shipping)? That is a quick $31 (less paypal fees) in your pocket for the hassle of doing without the set until you buy it again from DF when it restocks in 4 months. Obviously, I will only do this transaction via verified paypal.

Lastly, if you are concerned about this taking a purchase away from DF, do NOT be concerned. I will be purchasing more chasms sets from DF after this transaction when they come back in stock, but I just do not want to wait 4 months to get my hands on one of these sets. I am a huge DF fan and have purchased 56 new non-bowtie sets from them (and more than 22 lesser accessory sets and individual pieces) already. I am sure that I have contributed financially to the success of this excellent company as much as the majority of you and intend to continue in the future.

Let me know if any of you are interested.

Thanks!
-Rob
