Are there still newsletters?
Posted by Ebonsword - 2011/03/12 15:41

Going through the old posts here, I stumbled across numerous references to a Dwarven Forge newsletter.

I even found what was supposedly a link to subscribe (http://www.dwarvenforge.com/subscribe.html), but it no longer seems to work. :-(

So, are there still newsletters? If so, how can I sign up to receive them?

I don't think it qualifies as newsletters, but there is a link under the product description of each items that are "out of stock" where you can enter your email to be notified when the product is back in stock.
