Just wondering if any Dwarven Forge collectors have a Ogre's Den for sale or D.F. trade? If you have one and are willing to part with it please send me an email and name your price or tell me what you're looking for. All interest is greatly appreciated. Please contact me via, jimbelliott(at)hotmail(dot)com
Cheers

I have one new sealed in the box I would let go for 180.00 including shipping
inside the United States. I know you can probably pick up a used one
for half of that on ebay if you wait it out. I realize I'm asking a lot
but I dont particularly want to part with it. I'm sure someone else
here has one that they would let go of but I thought I would at least offer
it.

Thanks for the offer jls304. I'll have to take some time and consider it. $180 is higher than I originally estimated the Ogre's Den selling for. Original price was $50? Released when? I have just begun my search and have yet to see one sell online. I need to do a little research before I make a decision.
Thanks again for your interest.
Best Regards
Jim

I understand completely. It's been out of print for awhile so new
collectors tend to jump on it when it appears on ebay. Used ones go for around 75-100 on ebay plus shipping depending on the condition and completeness. They do pop up from time to time but if it's a buy

it now
it will usually be gone within a few hours.

Hello jls304
  What is you price minus the shipping? I don't live in the USA and I'm trying to calculate what kind of deal I would be getting. Thanks
