New Treasure Set???

Did I miss a post from Stefan and/or Jeff in regards to a new treasure set? I thought I saw stefan post an image teaser once. Am I mistaken?

There was a single teaser pic, and a hint that it was kinda Mesopotamian-themed. It was In the middle of a thread (not a thread started by Jeff or Stefan).

There has been no info since. Many guessed that this season's surprise was going to be the treasure set, but it turned out to be the ice caverns.

SO awesome! I have to admit, I'd forgotten about the teaser for a new treasure set. The first one remains one of my all-time favorite DF sets, such a shame it's out of print. (and such a shame that, even though I bought two, I didn't buy a third just to keep carded, it looked so gorgeous!)

It looks like we've got a throne or a table of some kind, and a few small statues... oooohhh...

:D

I will be buying 6-10 of these. Huzzah!!! I want to make a large dragon pile worth of treasure, just for the plain beauty of it.

Waou !

I just went to a game convention last weekend with my DF stuffs and I'm still trying to go to a famous modelism exposition on 16 & 17 april too.
Sad this set wasn't release sooner, it's a excellent idea.
