a Quick Brothel Setup Posted by crioux - 2006/11/04 07:49

Here is a quick brothel I setup last night in a few minutes. I immediately noted the NEED for a 1.5 door (which will be in MBS2, YES)

Please forgive me some of the figs are not finished painting yet...

NOTE: If you might get offended by little pieces of metal looking like nude girls, ... then your are a weirdo. :)
