Confrontation Goblin lair
Posted by unclebelly - 2012/01/06 19:51

Ok so I used "paint" to clip the pictures
so I will get back to the infinty cargo pics asap and upload.
so here is my xmas setup.
I enjoy getting down into the tunnels and try and take pics close to make the whole pic total immersion.
the pics are mainly of the superb goblin faction of the now defunct rackham miniatures. my favorite goblins to be sure
I hope you enjoy

Man, you have some fun toys! I see the WA3 set there, and the chasm set, and the ABS2 set, and tons and tons of Grendel resin pieces... .ooooh
