I just got my DoE Room & Passage sets, and I am bitterly disappointed that I don't make enough money to buy more DF. Seriously, if I had the means I'd line a room with boxes of DF.

Anyway, my sets are numbered 1318 and 1319. According to my figures, that means that there are only 181 sets left.

So if you want an original DoE R&P, order soon.

And if you haven't seen one of these in person, take my word for it. You want one.
