Any Western Canadians want to go halfers on a Hellscape order? Posted by dudebird - 2009/10/11 17:51
Hi,
live in Vancouver BC, Canada. I usually ship my orders to a friend's house in Seattle and pick them up at my leisure. It's not the fastest method, but the shipping/duty is way less than shipping it to Vancouver
was considering ordering 1 or 2 Hellscape sets for my collection but want the Fountain of Sin bonus piece for ordering 3 sets. Would anyone be interested in helping fill out the order?
f you are willing to pick up the set(s) from me in Vancouver I will cover the shipping and pay up front for he sets and collect cash from you upon delivery.
Anyone?
