

## Will individual pieces from the sci-fi sets be available?

Reason I ask is, I need some doors, and the ones included in the basic set look perfect. However, I can't afford to buy fifteen basic sets just to get the doors; will I ever be able to buy them separately, like some of the dungeon pieces?

Thanks,

I Know that DF has Said that they will Sell Fantasy Doors in Sets... But No Comment on the Sci-Fi other than under the Other Sci-Fi Sets Thread where they Said that they will not at this Point be Selling Sci-Fi anything Individually because of Price to Manufacture... They Also Stated However that they would let us Know if this Changed...
