

## Dungeon and Town Ideas?

Posted by zachl89 - 2010/12/28 20:07

---

Anybody have any ideas on creating a dungeon or town? Or a program that could help build or generate either of them? That would be really helpful to me

I use ProFantasy's Campaign Cartographer 3. It's quite useful, but you need several expansions and that makes it a bit pricey. IMHO it's worth it though.

Just google ProFantasy or Campaign Cartographer and you should find it.
