Hi Jeff/Stefan, I was wondering if the Ice Caverns are sold out or if there is a problem with the web ordering system. I'm trying to order multiple sets to take advantage of the specials before the end of the year, but it's not allowing me to do so. I'm only able to get a single set in the cart. Thanks!

Yes, the error message is: Sorry, but the Product you've requested wasn't found!
after attempting to add a second set.
I am trying to order the 3 sets of " Ice Cavern Set MM-039", in order to get the 3 sets at \$139, plus the imited icicle/creature pieces, as FMC and Harn no doubt intend as well.

The problem is now FIXED. I am sorry for the trouble!

The "buy 3 sets" special is now in effect until Jan. 3rd. Place your order now and I will add the free Ice Snake and the free Ice Stalagmite to your order.

Thanks for your patience!
