VERY cool. I love the lava fountains and pools. They make for a much-needed tie in with the Hellscape set. And the double doors look fantastic too!
Any word on price for this set?

Hi Jeff,
Wondering when any left over 6" passages may be up for graps. We now have the new treasures set and ice cabvern accessories but with no other new releases slated in till the end of the year it would be good to get these all posted together for us far flung antepodeans.
Cheers

Hi Bossman,
I read in another topic that the passages will be made available in store in october 2012. The policy seems to be 6 months after initial release.

I am also eager to order the 6" passages when they are released. I'll have to be patient until october then:)
