Really nice pics and yes, as I'm sure everyone will agree...you DO look like a Dwarf!!!

Since you have the DOE Expansion set can you put together a DOE layout and take some pics to see how they all go together?

Thanks.

I will try to put together a layout tomorrow, but be warned, I am not very creative. As a dwarf, I tend to lean towards conservative choices :)

Awesome pics, thanks. I wish I couldn't justify the price of buying a few of these sets. :(

PS: Do you play Dwarves when you roleplay fantasy? There one of my favs to play. :)

I play dwarves a lot and not only in roleplaying but also in table-top games. Though recently I tend to play different characters.

Thanks for sharing! I can't wait until us yanks get ours in April.

Also, you have a killer beard that puts mine to shame.

No sense in denying it, that is one epic beard. I haven't trimmed mine in a month and I'm going nuts with the itchyness...you must truly have the resolve of a real Dwarf.

Thanks for the pics of the new set- they'll be out in the US in time for my birthday, so I'm hoping I can snag a few- along with that hallway piece! Also, I'm pretty impressed you got set number three! I have to check, but I *think* I have set #666 of Hellscape, which would be pretty awesome, for obvious reasons.

Enjoy, and please update us with some pics of your new set in action!

Great pic Dwarf! Nice to put a face to the name. It's not often the name lives up to the face!
