| Is there any chance the Cavern Floor Piece will be in stock anytime soon? I'd like to purchase two when they come in. |

| Sorry for the long delaythe Martin house has been completely besieged by a nasty flu bug. I was the last to get it, and my entire week has been in bed. |
| We SHOULD be getting more the cavern floor tiles in the Fall. That is the plan now. |
| Thanks! |

| That bug ransacked my job late February, early March. I hope you are all doing much better now. I was out for two days but sick for about 5. It is a nasty one. |
