It has been SO much Fun! I want to heartily recommend it to everyone...I played in a D&D Game with Ernie Gygax! And I played a Hackmaster game with Jolly and co. as well! Everyone has been so warm and friendly to me especially Luke Gygax! WooHoo, I Love my Job! Monday: back to work on secret projects.... Re:Gary Con Posted by Harneloot - 2012/03/25 17:55 Wow - that awesome! I didn't even know (or didn't remember) that there even WAS a Gary Con! Ernie took me under his wing at my first Gen Con back in 1986 (I was just 18) - wow, WHAT a blast that was! Don't think I made it to a single game that con but had the time of my life and got to attend the TSR staff party!!! ## Dwarven Forge - Dwarven Forge Generated: 25 May, 2013, 11:51 Did meet and hang with: Roger Moore Douglas Niles Jeff Easley Larry Elmore Kieth Parkinson and various others whom I don't remember. They had several bathtubs full of beer & booze at the party, and I sat on the couch and did unspeakable things with those mentioned above:) Oh yeah, and Ernie took me to International Exports Ltd (aka - The Safe House....another \*lost\* evening

LOL!)
