

Stretch Goal Pieces

Posted by Grim - 2013/03/25 18:15

I was wondering. If you pledge for the painted sets are the stretch goal pieces painted as well? I would like all of my pieces to match.

I was wondering that too and then I saw they had updated their Kickstarter page with this:

NOTE: The paint scheme of your Stretch Goal pieces will match the paint scheme of the Reward Level you are backing. So, if you are backing an expertly hand painted level, all your Stretch Goal pieces will be expertly hand painted as well.

That makes the stretch goals even more rewarding for the pre-painted pledges.

This is correct, and I think that some people might begin to upgrade to the painted sets if the Stretch Goals get any higher.
