Posted by monkplayer - 2013/08/10 20:26

Hey guys I spent all day today and will again tomorrow putting together my list of D&D minis that I will be selling on EBay in the next 1-2 days. I have some rare miniatures like Aspect of Tiamat, several dragons, Marailith, Behir, Bluespawn Godslayer, Cloud Giants, Lich Necromancer, Huge Fiendish Spider, and hundreds more. Stay tuned for the eBay link.

Are you doing them as singles, groups, or one big lot?

I hope this is just a house cleaning and not a dumping of all your stuff.

It's as a lot. Yes this is a dumping of all my duplicates. I also have the stat cards with almost all of these mins as well.

But what if your players need to fight TWO marailiths or two or three Behirs????!!

It's always cool to pit a monster that gave the party trouble at low levels against them individually at higher levels. Absolutely shows them how far they've come.

@Harneloot

I have about 4,000 D&D Minis, not including other painted minis and the 400+ Reaper minis I'm getting slowly painted. I DO have 3 Behirs, 150+ dragons, tons of giants, yadayadayada! I do keep lots of duplicates because I'm new to GMing and don't know what I will need in the future.

BTW, I hate putting my minis for sale on FEEbay,..opps I mean Ebay but I need to sell them quick to get the \$ to pay for my painted Reaper minis I want painted.

I would entertain offers for my 500+ minis if there is an interest. I can also provide a complete list by tomorrow.
