---

I like my tiles a lot but I was shorted a floor tile and a couple of walls weren't dry brushed. Anyone else had either of these problems? I've sent an email but have gotten no response yet. Tried to upload a pic but it says it exceeds the pixels set by administrator

Just send an email through fundafull. If that doesn't work send an email through this site to the admin.

I had a tile or two missing from my large order and they were replaced, no questions asked.
