Thanks! ______ Product weight Posted by MyLordVoid - 2005/07/02 07:57 Fu-Man Chu, I'll Have to Check and see if I Still have one of the Boxes at Home... If I Do (Which I Think that I Do) I'll Let'cha Know... Product weight Posted by RabidFox* - 2005/07/02 11:25 FMC, I will try to get that for you today. We will have to see how the day goes. Product weight Posted by Fu-Man Chu - 2005/07/04 13:57 Nevermind - it's a moot point.... I broke down and bought the DF stuff... They were having some GREAT deals at Origins and I knew I wouldn't be able to fly it all back with me as I had already brought like 80 pounds of fantasy stuff with me. So I was trying to calculate how much it costs to ship but ended up buying it all anyways. Shipping for 15 sci-fi sets (starting with a bang I guess!) and miscellanous fantasy parts came out to like \$100 ... but still a very good deal! Oh, and they also had the Den of Evil on pre-order there! The set looks REALLY REALLY good!
