## Dwarven Forge - Dwarven Forge Generated: 16 April, 2014, 17:16 Restocking of Lake & Cavern Sets Posted by monkplayer - 2013/01/06 15:51 I though the Lake Expansion Set or maybe it was the Lake Set was supposed to be restocked this month? There is no date on the Products Page anymore? Re:Restocking of Lake & Cavern Sets Posted by Thod - 2013/01/07 04:25 Monkplayer The Lake expansion and the chasm set should be available on both sites as off last week. They have been part of the container. Yes - there is no date anymore as these two sets are available. Off course in the US there is the move of the warehouse which effectively means available after the move but you can order now.
